EITI Datathon: Innovative solutions for a data-driven energy transition

Online application form for the EITI Datathon 2022, open until July 31st, 2022.

Please read the applicant's guide at https://school-of-data.github.io/eitidatathon2022-guide/ before proceeding.

About the event: https://eiti.org/offers/open-call-datathon-innovative-solutions-data-driven-energy-transition

We will send a copy of your response to the email you provide below to confirm your submission.

*Required

1. Email *

_____

About you

2. How would you like to be called? *

_____

3. Please share the email address you would like us to use to contact you. *

_____

4. Where do you currently live (city and country)? *

_____

5. Are you a... *

   Mark only one oval.

   ( ) Student

   ( ) Working professional not involved in the extractives industry

   ( ) Working professional involved in the extractives industry

   ( ) Other: _____

Your team

6. Are you applying alone or as part of a team? *

   Mark only one oval.

   ( ) I am applying alone

   ( ) We are a team of 2

   ( ) We are a team of 3

   ( ) We are a team of 4 or more

7. **What skills do you (and your team members, if you have any) have?** *

Mark only one oval per row.

	Know nothing about it	Know only a little about it	Have some experience using those skills	Confident in that area	Have professional experience specific to that area
Knowledge of the extractives industry and of EITI	○	○	○	○	○
Knowledge of how to process, analyse and visualise data	○	○	○	○	○
Knowledge of user interface (UI) and user experience (UX) design	○	○	○	○	○
Software development skills	○	○	○	○	○

8. Please list your and your team members' (if any) work position and contact information in the format: name - position - email *

_____

_____

_____

_____

_____

9. The final event is planned over 2 days on the 10th and 11th of September, 2022. *
Will you and your team be available for these dates?

Mark only one oval.

◯ I don't have a team, but I will be available

◯ The full team will be available

◯ Only some of us will be available

◯ Other: _____

Choosing your scenario	You can check the scenario descriptions here: https://school-of-data.github.io/eitidatathon2022-guide/

10. Which scenario will you be working with? *

Mark only one oval.

◯ Scenario 1: Officials considering how to invest government revenues to support long-term development plans in the context of the energy transition
Skip to question 11

◯ Scenario 2: Empowering citizens to give their voice in the debate around energy transition   *Skip to question 16*

◯ Scenario 3: Improving how local populations engage with social spending data to ensure sustainable investments in their communities   *Skip to question 21*

◯ Scenario 4: Strengthening public disclosure of revenue data by government agencies in a context of uncertainty   *Skip to question 26*

Scenario 1: Officials considering how to invest government revenues to support long-term development plans in the context of the energy transition	Check the description of Scenario 1 here: https://school-of-data.github.io/eitidatathon2022-guide/scenarios/scenario-1.html

11.   Please write the 'One day...' narrative of your solution *

_____

_____

_____

_____

12.   Please write the 'Because of that...' narrative of your solution *

_____

_____

_____

_____

13.   What kind of skill does your solution require to be prototyped? *

Tick all that apply.

- [ ] data skills
- [ ] design skills
- [ ] software development skills
- [ ] Other: _____

14.   Describe how your solution/tool could be used in practice by ministers and government officials? *

_____

_____

_____

_____

15. Do you plan to use other datasets than the ones suggested for this scenario? *

_____

_____

_____

_____

_____

Scenario 2: Empowering citizens to give their voice in the debate around energy transition

Check the description of Scenario 2 here: https://school-of-data.github.io/eitidatathon2022-guide/scenarios/scenario-2.html

_____

_____

_____

_____

20. Do you plan to use other datasets than the ones suggested for this scenario? *

_____

_____

_____

_____

Skip to question 31

Scenario 3: Improving how local populations engage with social spending data to ensure sustainable investments in their communities

Check the description of Scenario 3 here: https://school-of-data.github.io/eitidatathon2022-guide/scenarios/scenario-3.html

21.   Please write the 'One day...' narrative of your solution *

_____

_____

_____

_____

_____

22.   Please write the 'Because of that...' narrative of your solution *

_____

_____

_____

_____

_____

23.   What kind of skill does your solution require to be prototyped? *

Tick all that apply.

☐ data skills

☐ design skills

☐ software development skills

☐ Other: _____

24.   Describe how your solution/tool could be used in practice by civil society   *
       organisations and communities living near mining sites?

_____

_____

_____

_____

25. Do you plan to use other datasets than the ones suggested for this scenario? *

_____

_____

_____

_____

_____

Scenario 4: Supporting government officials to understand company disclosures in a context of volatility and uncertainty

Check the description of Scenario 4 here: https://school-of-data.github.io/eitidatathon2022-guide/scenarios/scenario-4.html

26. Please write the 'One day…' narrative of your solution *

_____

_____

_____

_____

_____

27. Please write the 'Because of that…' narrative of your solution *

_____

_____

_____

_____

_____

28. What kind of skill does your solution require to be prototyped? *

Tick all that apply.

- [ ] data skills
- [ ] design skills
- [ ] software development skills
- [ ] Other: _____

29. Describe how your solution/tool could be used in practice by government officials? *

_____

_____

_____

_____

_____

30. Do you plan to use other datasets than the ones suggested for this scenario? *

_____

_____

_____

_____

_____

Skip to question 31

Additional information

31. Would you like to be updated about the Datathon questions and clarifications via email? *

Mark only one oval.

- ( ) Yes, I would like to receive a summary of answers to all questions from participants.
- ( ) No, I already have all the information I need to participate.

32. Do you need any additional support?

_____

_____
